

CANCELLATION POLICIES

All cancellations must be made in writing. The permit application fee is non-refundable and non-transferable. Since most special events require months of pre-planning, we expect you to give prior consideration to the time of year chosen and that your event will occur “rain or shine.” However, if rain is predicted and you decide to cancel within five days prior to your event, no monetary refund will be given but we will work with you to reschedule your event to another available date.

The City of Santa Barbara reserves the right to relocate and/or cancel an event due to weather and/or turf conditions that may cause the event site to be unsafe or unsuitable for event activities.
